Responsible
Business

Overview

We are part of the Sangwin Group of companies a fifth-generation family owned business.

We commenced producing our own high-quality furniture in the mid 80's due to the challenges faced, purchasing products from the specified suppliers, during the resulting years, we have organically grown to be one of the UK's largest manufactures & suppliers of all things FF&E.

We will never overcommit or promise something that we can't deliver upon, this ethos stems from our core principles of honesty and integrity.

We produce the majority of the furniture from our own purpose built factory, which enables us to react quickly to the changing landscapes on busy & complicated construction sites.

With us been in control of the manufacturing process we can revise our production to accommodate change, which is a huge advantage during the months leading up to project completion.

We have invested in our design team structure recently which has enabled us to offer full cost certainty and product control during the important pre-construction stages.

Our repeat business success is a testament to the way in which all of our staff build relationships with clients and other stakeholders throughout the entire project / process. Our reputation for excellence and consistency continues to exceed our clients' expectations.

What we've been up to

CLIENT

Morrison Construction

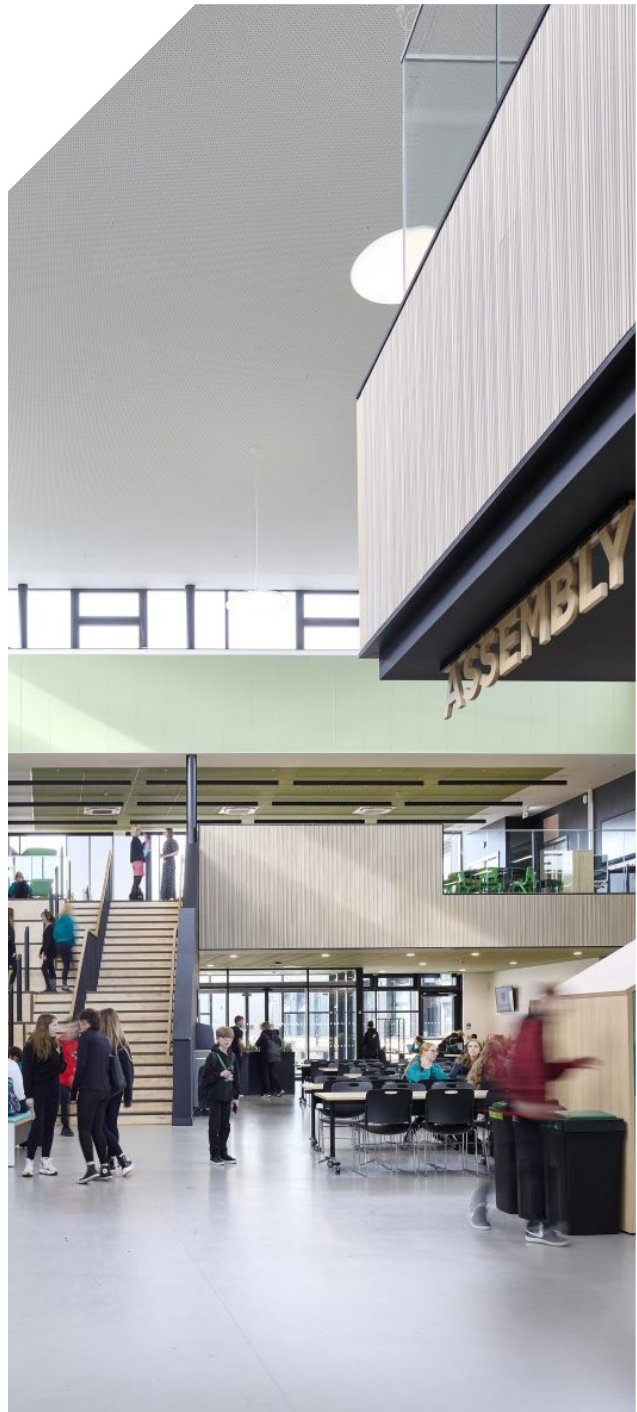

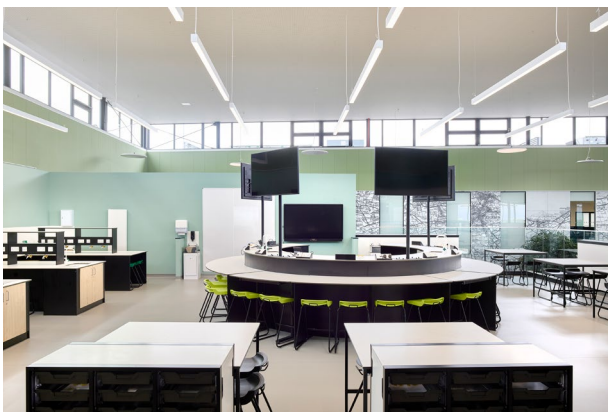

LOCATION

Musselburgh

SCHOOL

Wallyford Learning Campus

We supplied and installed the fixed furniture & specialist D&T equipment. The contrasting colour selection chosen by the client was a great success. The installation was a phased approach with clearly defined target completion dates, this enabled all stakeholders to plan effectively in conjunction with other trades.

What we've been up to

CLIENT

Morleys of Bicester

LOCATION

Leeds

SCHOOL

Co-Op Academy Brierley

We supplied and installed the fixed furniture & specialist tables on the project. The installation was carried out within an 8 week window and was completed in time for the new term. This project is the second Co-Op project we have recently completed.

CLIENT

Willmott Dixon

LOCATION

Bedfordshire

SCHOOL

Wixams Primary & Secondary Schools

We supplied and installed the fixed furniture packages for both the 4FE Primary & 6FE Secondary simultaneously. Which perfectly demonstrates our capabilities to run numerous projects concurrently, without comprising on quality or service.

NOVEMBER 2024

Responsible Business

We are a family run business that considers the wider economic and environmental impacts in all our business decisions, we are committed to improving the lives of our workforce, clients and wider community.

We embrace change, whether that's by the introduction of solar panels on our factory roof, or updating our vehicle fleet with the latest fuel efficient and environmentally friendly options available.

With the continued support of our loyal client base we look forward with confidence to the challenges and opportunities that await us in the coming months and years.
